Fryer Dump Station

FDS 100
FDS 200

FDS 200 fryer dump station with optional heat lamp

FDS 100 fryer dump station with optional heat lamp

Henny Penny portable dump stations help improve frying production, save on counter space, and offer flexibility of use and location.

The FDS 100 is a compact, portable fryer dump station that uses a perforated stainless steel insert.

The FDS 200 is designed with the same dimensions and profile as the 320 series open fryers. Cooked product is dumped into a perforated stainless steel insert. Excess oil drains into a separate pan.

Both models are available with optional 120 V 0.750 kW heat lamp.

Standard features

- Convenient enclosed storage inside unit with hinged door access
- Stainless steel construction for easy-cleaning and long life
- 4 heavy duty casters, 2 locking
- 120 V 0.750 kW heat lamp (additional charge)
- FDS 100
 - Removable crumb pan
 - Perforated stainless steel insert sloped for scooping French fries or other small fried items
- FDS 200
 - Perforated stainless steel insert sloped for scooping French fries or other small fried items
 - Removable side drip shield
 - Drain pan with cover
